Job Opening: Full Stack Developer Intern

Company: Dinmind Infotech Pvt Ltd.
Location: Chennai
Work Mode: Office
Probation Duration: 6 months
Stipend: ₹7,000 per month
Post-Internship Employment: ₹12,000 – ₹15,000 (take-home), based on performance
Service Bond: 2 years (after confirmation)

Role Summary

Join Dinmind Infotech as a Full Stack Developer Intern to gain hands-on experience in building end-to-end web applications. This internship offers exposure to ASP.NET, MS SQL, and front-end technologies, with the opportunity to transition into a full-time role upon successful completion.

Interview Process

- Profile Screening
- Technical Round
- HR Round

Key Responsibilities

- Develop and maintain web applications using ASP.NET / .NET Core and C#
- Write and optimize SQL queries and stored procedures in MS SQL Server
- Build responsive front-end interfaces with HTML, CSS, and JavaScript
- Integrate and consume APIs for application functionality
- Collaborate with team members to deliver scalable solutions

Eligibility

- Fresh graduates or final-year students (B.E./B.Tech/MCA/M.Sc in CS/IT or related fields)
- Strong fundamentals in software development
- Exposure to academic, internship, or personal projects involving web development
- Basic knowledge of APIs and database concepts

Good to Have

- Prior internship or project experience in ASP.NET / .NET Core
- Familiarity with Git or version control systems
- Understanding of software development lifecycle and debugging practices
